

Gospel Bracelets!

On our outreaches overseas our team members use these gospel bracelets to share Jesus with everyone they meet. You can help share the good news of Christ by making gospel bracelets and sending them to Joni and Friends. All the bracelets we collect are then counted, boxed up, and sent to our restoration centers where they are packed with the wheelchairs and sent to our outreaches. Be sure to make one for yourself too!

MATERIALS: Please use a material that is soft and comfortable such as cotton cord, satin, or leather lace (no plastic, please), pony beads in black, red, white, yellow and green, and a fancy bead such as a heart shape or butterfly, whatever you can find.

DIRECTIONS: Take a 15" piece of cord, satin, or leather lace and tie a knot about 6" from one end. String one each of the black, red, white, green, and yellow beads and tie another knot. String both ends through the fancy bead, then knot each end of the lace. (Please do not make shorter than 15".)

Sharing the gospel with recipients as they receive their new wheelchair is an important part of our outreaches. Your gifts will be sent with our teams of disability specialists and given to wheelchair recipients along with a Bible in their own language. This is a powerful way to share the gospel. You may choose

to make bracelets, key chains, bookmarks, anything that is small in size. Each color of the bracelet represents an element of faith. Perhaps students could memorize these verses as they work on their gifts. You may wish to have the children make two bracelets, one for them to take home and one to share. Please send your gospel bracelets to:
